

CALL REQUIREMENTS

Call Title: Q-CAYLE-UBU. Quantum reference frames, quantum groups, quantum information, entanglement and decoherence: applications in quantum communications.

Contact person: Angel Ballesteros

Department: Physics

Category: Researcher

Others

Workday: Full time

Part time

Aim: To perform research activities within the Project, dealing with quantum reference frames and their quantum groups of transformations, decoherence induced by the gravitational field and their applications in quantum communication.

Requirements of the candidate: Bachelor's degree in Physics and/or Mathematics

Duration: indeterminate

Gross monthly remuneration: 1.368 €

Application submission deadline: 11 octubre 2022

Documents to be provided:

Copy of the Identity document/passport, Curriculum Vitae and certification (including marks) of the Bachelor Degree, as well as all the documents supporting all the merits included in the CV.
